No. 29

Didsbury's Exhibition Attracting Attention

Officials Expect Record Crowd.

Judging from the numerous requests now being made for prize lists, and equally for information on other matters, the exhibition to be held here on August 4 and 5 is creating more interest than for years past. This applies not only to the many local enquiries but also to those which have been received from points outside.

Dan Dippel, president of the Agricultural Society, is very enthusiastic regarding the success of this year's exhibition, and believes that with the improvements now being made the exhibition will appeal to the residents of the district more than ever. The new road to be constructed, he states, will be under way the latter end of the week, for which work quite a number of our farmers have promised to donate teams. Mr. Dippel is also taking a keen interest in the new buildings in which the cattle, hogs and sheep will be housed. The stock this year will have a roof over them as a protection from the sun, an im-

provement that will be generally recognized.

Speaking to J. V. Berscht, manager of the exhibition, the other day, he informed us that there is a very noticeable and increased interest on the part of outsiders in our exhibition this year, and he believed that given fine weather the attendance would be a record one. Arrangements for dealing with the expected increase in exhibits were now being made and every opportunity would be seized to push the work along as speedily as possible. New sheds are being erected, and W. Dageford, who has the work in hand, is determined to have everything completed at the opening of the exhibition.

It has been suggested by the manager of the exhibition that a concerted effort be made by the stores this year to decorate their premises. One or two already have it under consideration, and it is more than likely that others will do likewise.

TOWN OF DIDSBURY NOTICE

The Town of Didsbury offers for sale by tender those desirable residential lots, 26 in number, situate in blocks 6, 7 and 8, plan 7976 C. N., on the East side of the Railway track.

Tenders will be considered either for the property as a whole or for separate lots or blocks.

Sealed offers should be in the hands of the Secretary by Saturday, July 25th. For further particulars apply to the undersigned.

W. A. Austin, Secy.-Treas.

Westcott Sports

With ideal weather and a record attendance, Westcott held its annual sports on Wednesday of last week. The only drawback reported was that Calgary didn't send enough icecream.

A baseball game, between Westerdale and Westcott, started off the sports. Westerdale, however, proved too much for the local fans, and carried off the prize, and again in the evening repeated their victory in a match with Clover Mound. The athletic events for all ages were well contested. Hot though the day was everybody joined in, even the half mile foot race drew forth ten contestants. Ross Ford, however, was too much for the rest of the field and won easily.

The horse events were also well contested, though some lacked in the usual number of entries.

Worthington's big barn was crowded for the dance at night and all report having a grand and glorious time.

The following were the prize-winners in some of the main events:

Free-for-all running, 1 and 3 Reiber, 2 J. A. Hughes.

Trot or pace, 1 Bob McInnis, 2 Pat Worthington.

Pony race, 1 Reiber, 2 A. Konchuk, 3 Klein.

Partner's race, 1 E. Krebs, 2 A. Ploger, 3 H. Umbach.

Walk, trot or run, 1 Reiber, 2 J. A. Hughes, 3 H. Stickley.

Barrel race, 1 McInnis, 2 J. W. Hughes, 3 Pat Worthington.

Pulling stakes, 1 J. W. Hughes, 2 E. Krebs, 3 Pat Worthington.

Potato race, 1 A. Ploger, 2 J. W. Hughes, 3 H. Umbach.

Men's half mile foot race, 1 Ross Ford, 2 H. Steckley, 3 Schultz.

Boys' quarter mile, 1 Schultz, 2 Goetzen, 3 Goetzen.

100 yard dash, 1 Ross Ford, 2 H. Steckley.

Didsbury Opera House.

On Saturday night, July 25th, at the Opera House, there will be shown "Masters of Men," a production that was advertised in last week's Pioneer to be shown on Wednesday, July 22nd. A mistake in the date necessitates this being shown on Saturday, July 25, instead. Mr. Sharp, manager of the Opera House, believes himself to have been especially fortunate in securing this picture, as there is such a keen demand for it.

On Wednesday, July 29th, another of Hoot Gibson's pictures, "The Saddle Hawk," will be produced, and like all his pictures is sure to be popular with a Didsbury audience. The story is one of love and adventure in the cattle country with the rescue of a kidnapped girl from a band of cattle rustlers as its main theme.

Exhibition Special.

The following special was omitted from the list published last week:

Special by W. J. Fulkurth—Best three colts by any one sire. These colts to consist of one foal, one yearling, one two-year-old, 1st prize \$5.00.

Miss R. Kline left on Monday for Penticton.

An Empire Problem

Conditions throughout Canada have been steadily improving for several months past and present prospects are for a continuance of that most desirable state of affairs. Industrial activity is increasing and the number of unemployed is smaller than for some years, and the prospective harvest gives promise of requiring the labor of every available man, and that the railways will be busy and fully staffed throughout the Fall and Winter months in handling the resultant traffic. Merchandising is still rather slow because people have learned from past bitter experience not to count their chickens before they are hatched. Manufacturers are, however, gradually increasing their output in anticipation of substantially increased business.

The general upward trend is indicated by an increase of five million dollars in the first six months of the year in the construction of new residences and of four million dollars in industrial buildings. Prompt payment of taxes and of mortgage loans, both as to principal and interest, are other signs of the betterment taking place.

There is less talk of Bolshevism and advocacy of half-baked communistic ideas and a more general appreciation of the fact that in this age, as in all past ages, only by and through work on the part of each individual, and the community as a whole, can problems be solved and progress and prosperity be achieved.

The desire for a larger influx of immigrants, especially from the British Isles, is still heard in many quarters based on the now well accepted belief that one of Canada's greatest needs is population. But while the outlook is promising in Canada, it is not so in Great Britain. Ordinarily, it would be thought, that this would result in that larger immigration which is desired, but, actually, the reverse is true.

During the war when it became vital to the Empire's security and the winning of the war to speed up production to the maximum, notwithstanding the absence of millions of men under arms, improved machinery and labor saving devices and methods of all kinds came into practical use, with the result that production was enormously increased. Today a large volume of production can be maintained with a smaller working force. In June last unemployed in the British Isles number 1,291,000, or more than a quarter of a million more than in June, 1924. When the families dependent on these men are taken into consideration, it will be realized what a large percentage of the people are without a fixed means of livelihood.

To meet this situation a system of doles was established and has been in effect for some years now. The unfortunate effect has been that tens of thousands of people are now content to live in idleness on these doles rather than accept work when it is offered, while those who are working, and paying heavy taxes to provide these doles, are asking why they should labor hard to support these others in idleness. In a word, the dole system is breaking the morale of the people.

Observers and close students of conditions in Britain find that this dole system is discouraging thousands from immigrating. They prefer to accept the dole, and do nothing, rather than face the possibilities in a new land and the absolute necessity of hard work under new and untried conditions.

Great Britain is over-populated and becoming more so. There is not work for all and no present prospect of it. Industry is burdened in carrying larger staffs of employees now than are actually needed, and, faced with active competition from other countries, and carrying a huge burden of war debt, the outlook is not bright. Unfortunately, too, owing to this lowered morale, a percentage of those who do immigrate do not display the necessary stamina to succeed here and write letters home depicting conditions here as worse than in Britain and stating they wished they had not emigrated.

And all the while Canada needs population and, in the desire of our people that it shall be, as far as possible, British-born, is imposing severe restrictions on the entry of people from other lands, while waiting and hoping for the British people who will not venture, but prefer to idle at home and live on doles which sooner or later must end or bankrupt the country.

It is a real Empire problem. Canada does not want idlers and will not welcome them. The Dominion requires workers, and to those able and willing to work a cordial reception will be extended and for them there is every prospect of success. In fact it is assured to the extent that anything can be assured. But this country will never establish a dole system. The unfortunate through sickness or accident will be cared for, but the L.W.W.'s, no matter what their nationality, will not be tolerated and will have to shift for themselves if they come to this country.

Ship Baby Chicks

More than 14,000 baby chicks were shipped out this spring from the hatchery of the provincial poultry plant at Oliver, Alberta. They were shipped as far north as Berwin and as far south as Lethbridge.

While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

England's Curio King Dead

Aged Auctioneer Had Handled Many Historic Relics

Mr. Henry Stevens, of Stevens Auction Rooms, King Street, Covent Garden, London, who was probably the oldest practicing auctioneer in England, died at Addlestone, Surrey, at the age of eighty-two.

President Kruger's hat and King Charles' waistcoat were among the many curiosities that came under his hammer.

Mr. Stevens had sold every conceivable thing in his time, from an elephant to an auk's egg and a mummy. He sold the late Lord Derby's great menagerie of more than 1,600 animals and birds, the death mask of Napoleon, a piece of Queen Victoria's wedding cake, the spear that killed General Gordon, and one of Dick Turpin's pistols.

He sold twenty-four out of the known seventy-five auk's eggs in the world, one of these realizing £682 10s. An all-black cabbage butterfly was disposed of for £32.

As a child, Mr. Stevens saw the Duke of Wellington's funeral passing along the Strand on its way to St. Paul's, and he often saw Dickens and Thackeray, who would visit the auction rooms on their way to the Garrick Club.

WORRIES IN THE HOME

It is These That Cause Many a Breakdown in Health

Almost every woman at the head of a home meets daily with little worries in her household affairs. They may be too small to notice an hour afterwards, but it is the same little worries that break down the health of so many women. Their effect may be noticed in nervous headaches, fickle appetite, indigestion, pains in the side or back, and a sallow complexion. To those afflicted in this way Dr. Williams' Pink Pills, by improving and purifying the blood, bring speedy relief. Among thousands of weak women who have tested and proved the merits of this medicine is Mrs. Gustave Hatt, Bruxelles, Man., who says:—"It is with profound thanks that I write to tell you what Dr. Williams' Pink Pills have done for me. Before I began taking these pills I was weak, and my blood thin and watery. I was so thin that I looked like a skeleton. I was troubled with headaches and indigestion, did not sleep well, and was terribly constipated. I decided to try Dr. Williams' Pink Pills and I soon found that they were just what I needed. Under their use my appetite returned, my food digested properly, and I slept better at night, and gained in flesh as well as strength. The result is that now I am a perfectly healthy woman, and there is no doubt that it is due to the use of Dr. Williams' Pink Pills, a supply of which I now always keep in the house, and I would advise other women to do the same."

You can get these pills through any dealer in medicine, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

High Priced

Bill.—So the doctor said you'd have to give up smoking for a while?

Tom.—Yes, and he also said I'd have to give up \$15 for good.

Your Home Medicine Chest—Among the standard household remedies that should always be on hand in your home medicine chest, none is more important than Dr. Thomas' Electric Oil. Its manifold usefulness in relieving pain and healing sickness is known by many thousands throughout the land. Always use Dr. Thomas' Electric Oil for relieving rheumatic and sciatic pains, treating sore throats and chest, coughs, burns, scalds, cuts, bruises and sprains.

An Interesting Ceremony

Unveil Calgary Cairn Commemorating Arrival of R.N.W.M.P. in 1875

The jubilee celebration of the founding of the city of Calgary on the arrival of the Royal Northwest Mounted Police, was marked by the unveiling of a cairn in Central Park. It commemorated the arrival of F Troop, of the Mounties, and Inspector Brissols, in August, 1875. The veil was the Union Jack, and it was drawn aside by Sir Cecil Denney, only surviving member of the troop.

Judge Hoay, New Westminster, B.C., represented the historic sites and monuments board of Canada at the ceremony. The board presented the cairn to the city.

"Good birth is as greatly to be desired by a community as by an individual, and no city has had a better birth than Calgary, founded by the Royal Northwest Mounted Police," he said.

Minard's Liniment for Sprains

W. N. U. 1586

Exceptional Offer To Experienced Farmers

Hundreds of Farmers in Western Canada are looking for an opportunity to purchase a farm of their own in the district where good crops are the rule and not the exception

To prevent the movement of a number of Canada's best farmers and citizens to our cities and to the United States, the British Dominions Land Settlement Corporation is prepared to do its share in providing an opportunity for experienced farmers to take up rich fertile lands in Central Alberta under their new settlement plans.

250,000 ACRES OF GOOD FARM LANDS

The Corporation owns over a quarter of a million acres in the most fertile mixed farming areas of Central Alberta. The land lies East and West of the City of Edmonton. The land is rolling and partially prairie with scrub and brush interspersed. The soil over a large area is a heavy black loam with clay sub-soil. Water is plentiful, and wood for fuel and erection of log buildings is within easy reach. No better land for mixed farming is available for settlement in Western Canada.

LOGS FOR BUILDINGS

The Corporation is now having several thousand logs cut in suitable lengths, peeled and stacked ready for building purposes. These logs are within reasonable distance of the farms offered for sale, and can be purchased at cost on five years' credit.

WE WILL FINANCE YOU

The British Dominions Land Settlement Corporation has a capital of £750,000 (or approximately \$3,750,000). The Company has a strong British and Canadian Directorate, who are anxious to assist in the successful settlement of Western Canada with prosperous farmers.

The Corporation is prepared to assist in re-establishing farmers possessing stock and equipment which is free, or is practically free, from lien or encumbrance, providing they are men of character and farming experience. The land is offered at prices averaging from \$10 to \$18 per acre. The terms provide that no payment of principal shall be made the first three years—interest and taxes only. Principal payments will be made in twelve annual instalments, commencing the 4th year—interest rate 7 per cent. The Corporation will advance the equivalent of cash up to the value of the settler's chattels which he owns free of debt, but not to exceed \$500, to assist the farmer in erecting the necessary buildings and purchasing seed and feed or other supplies which the Corporation deems necessary for the settler's welfare during the first twelve months. This advance will be secured by lien agreement on the settler's chattels and repayable in five years after possession. No payment except interest is required the first two years, the whole amount being repayable in six semi-annual instalments during the third, fourth and fifth years.

Experienced Farmers, Married, With Families, Possessing Some Capital

To start farming on the Corporation's lands, a capital of approximately \$750.00 is required.

The Corporation is prepared to advance experienced farmers dollar for dollar if they are married and possess a capital of \$375.00.

WRITE US TO-DAY --- OR COME AT ONCE!

Farmers wishing to take advantage of this offer should communicate at once with the manager of the Corporation at Vermilion, Alberta. Farmers arriving at Vermilion without giving previous notice can be given immediate service.

Address All Communications to W. T. BADGER, Manager

British Dominions Land Settlement Corporation
LIMITED
VERMILION - - - ALBERTA

Will Obey Canadian Laws

Doukhobors in B.C. Have Reached Almost Unanimous Decision

Peter Veregin, the younger, recently elected ruler of British Columbia Doukhobors, will usher in among the Russian colonists a policy of rigid compliance with Canadian laws, according to word received at Victoria by Hon. J. D. MacLean, minister of education for British Columbia, following the receipt of letters there from Veregin himself.

The Doukhobors held a big mass meeting in Brilliant when an almost unanimous decision was reached to respect Canadian institution in future.

The Family Physician—The good doctor is always worth his fee. But it is not always possible to get a doctor just when you want him. In such cases, common sense suggests the use of reliable home remedies, such as Dr. Thomas' Electric Oil, which is wonderfully effective in easing inflammatory pains and healing cuts, scratches, bruises and sprains. The presence of this remedy in the family medicine chest saves many a fee.

British Students For Canada

To Be Given Courses In Our Agricultural Colleges

Of the 50 scholarships tenable in agricultural colleges of Canada, which the Fellowship of Empire Exhibition is proceeding to allot, 25 already have been allotted to London. The others will be distributed in Scotland and among English provincial districts. Each scholar will be provided with a free passage to Canada, education and maintenance for a year, and will afterwards be found suitable employment on the land in Canada.

No child should be allowed to suffer an hour from worms when prompt relief can be got in a simple but strong remedy—Mother Graves' Worm Exterminator.

A butcher in a certain town had read considerable about "Milk from Contented Cows," and wanting to keep up with the times, he placed this sign in his window: "Sausages from Pigs that Died Happy."

Business and the Crops

With Good Prices For Wheat This Fall Conditions Should Improve

The likelihood of a large crop has given rise to an optimistic spirit in western Canada. Recent reports on the crop have been exceptionally favorable. The bumper crop of 1923, which produced some 452,000,000 bushels, was worth only \$293,152,000, while the 1924 crop of 235,694,000 bushels was worth \$285,281,000. It is somewhat difficult at this time to tell how the price of wheat will go this fall. Nothing definite has been known as yet regarding the crop of the United States or other exporting countries, but in the event of an average world supply, the price should be better than that of 1923.

Will Build Big Flour Mill

Spillers Overseas Limited announce that they will spend \$800,000 in the construction of a flour mill in Calgary, exclusive of machinery and other equipment. Work will be started as soon as possible, so P. Lloyd Tanner, managing director states.

TEETHING BABIES Thousands of Them DIE EVERY SUMMER

The hot weather is very hard on babies starting to cut their teeth. On the first sign of any looseness of the bowels the mother should give a few doses of

This will quickly offset the diarrhoea, vomiting and purging, and, perhaps save the baby's life. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

Fresh and carefully packed in pure olive oil. Keep a stock in the pantry for easily prepared, enjoyable meals.

KING OSCAR SARDINES

PREMIER KING SAYS NO DATE SET FOR ELECTION

Ottawa.—Premier Mackenzie King states that there would be no decision in regard to an election for some time to come. The premier made this statement at the conclusion of a cabinet meeting which was attended by but five members of the government. Those present, in addition to the premier, were Rt. Hon. G. P. Graham, minister of railways and canals; Hon. Ernest Lapointe, minister of justice; Hon. James Murdock, minister of labor; and Hon. A. B. Copp, secretary of state.

Mr. King said that the meeting had been called for the purpose of disposing of a number of routine matters which have accumulated during the ten days' respite of the cabinet.

"When will the next meeting of the cabinet be held?" he was asked.

"Not for a couple of weeks," he replied.

When asked whether there had been any decision in regard to the calling of a general election, the premier laughed.

"You may be quite sure of one thing. There won't be any decision in regard to an election for a good time to come," he replied.

First Child Welfare Congress

Canada Will Be Represented At Geneva Conference In August

Toronto.—First in the history of mankind will be the International Congress on Child Welfare to be held in Geneva from August 21 to 28, plans for which are now almost completed. This great undertaking, organized by the Save-the-Children Fund International Union, will see a remarkable gathering when representatives of more than 40 nations will convene for the purpose of considering and making practicable plans for the benefit of the children of the world; who will then be studied as the people's first asset, to be given first preference in all cases where the welfare of the child is concerned.

The keystone of the discussion and debates will be what is known as the "Declaration of Geneva," or "The Children's Charter," which Canada has already signed in company with most other nations, and adopted by the League of Nations in September, 1924.

Canada has already become interested in the "Children's Charter" through its connection with the International Council of Women. Canada too has worked from coast to coast in the interests of the Save-the-Children Fund, and the Dominion will be represented at the congress by Frank Veigh, Canadian representative of the fund.

Ask Recall of Ambassador

Teheran, Persia.—Reports in well-informed circles here saw that because of pressure of the great powers, China will ask Moscow to recall M. Karakhan, the Russian ambassador to Peking. M. Patsukoff, chief of the eastern section of the Soviet foreign office, will arrive here shortly to recuperate his "health." M. Patsukoff's absence, diplomats here say, will leave vacant a post in which Karakhan would fit admirably.

Harvesters From B.C.

Victoria, B.C.—Officials of the British Columbia department of labor here are preparing now for the annual trek of harvesters to the prairies. Railway officials will confer with representatives of the labor departments of all western provinces in Winnipeg, it was announced. It is anticipated that the fares will be about the same as those in effect last year.

Dutch Farmers Coming

Montreal, Que.—"Hundreds of ambitious, college-trained Dutch farmers will probably come to Canada next spring," said R. L. Dojes, graduate of the Groeningen Agricultural College of the Netherlands. He has just concluded a tour of western Canada. He said Hollanders make fine farmers and pioneers.

Vancouver Welcomes Earl Haig

Great British Leader Pleads For Unity and Fellowship

Vancouver.—Unity of effort for the re-establishment of returned soldiers in all parts of the British Empire, was advocated by delegates representing India, Australia, New Zealand, Rhodesia, north and south Ireland, and Great Britain at a dinner given here by a local reception committee to the members of Earl Haig's party, who attended the recent meeting in Ottawa of the Empire Service League and who came to the coast with the field marshal.

The speakers included Brig.-Gen. H. F. McDonald, Brig.-Gen. James Wylie, of South Africa; Senator James Cornell, of Australia, and others.

The great British leader, in plain language and with modest demeanor, with a manner that left no doubt as to his sincerity of purpose, exhorted all ex-service men to unite under the one banner in friendship, unity and purpose, a purpose that would make for the British Empire and the ushering in of world peace.

"In the interests of liberty, justice and good fellowship and peace, I hope it will not be long before Canadian ex-service men will be united," declared Earl Haig, in his closing sentence amid applause that swept through the great building.

Wheat Pool Builds Elevators

To Construct Thirty More Elevators At Saskatchewan Points

Regina.—Construction of a further 30 country elevators at points in the province where it is found impossible to purchase suitable houses has been authorized by the executive of the Saskatchewan wheat pool.

Contracts have been awarded, under the new authorization, for the erection of elevators at the following points: Swift Current, Luseland, Borden, Semans, Aneroid, Valor, Coppen, Shaunavon, La Fleche, Limerick, Hardy, Melaval, Ravenscrag, Spring Valley and Gravelbourg.

If it is found impossible to purchase suitable elevators, it is anticipated that new country elevators will also be built at the following points: Strasbourg, Uren, Gull Lake, Palo, North Biggar, Kilsby, Weyburn, Fox Valley, Success and Edgely.

The original elevator building programme adopted some months ago authorized the construction of thirty elevators. Under this programme, elevators have been erected for the pool and are ready to handle grain at Bulyea, Balgonie, Indian Head, Quinton, Yellow Grass, Dunblane, Dodsland, Simpson, Vantage, Grayson, Rouleau, Hamlin, Broderick, Disley and Kinley.

Canada's Motor Car Production

Lower Than In 1923 But Exceeds Other Years

Ottawa.—Canada produced a total of 132,580 motor cars during the past year, a decrease of nine per cent. from the maximum attained in 1923, but exceeding in number the production of any other year.

The output in 1924, according to the Dominion bureau of statistics, included 98,365 passenger cars, 18,043 trucks, and 16,172 chassis, valued in the aggregate at \$88,480,418, at factory selling prices. Capital invested reached a high point in the industry at \$60,766,886, as contrasted with slightly more than \$60,000,000 in 1923.

Alberta Legislature

Will Meet August 3 to Hold Short Session

Edmonton.—The adjourned session of the Alberta Legislature will meet August 3, the last named of the several provisional dates announced by the government.

This was decided definitely at a full meeting of the cabinet and steps are being taken accordingly for calling the house together.

Premier Greenfield says the session will necessarily be a short one. With harvest time drawing near, there will be no desire on the part of the country members, at any rate, to prolong it, and quick work is expected.

EXPRESS FEAR OF FUEL SHORTAGE NEXT WINTER

Ottawa.—"The Canadian consumer will be well advised to get in a sufficient supply of whatever fuel he proposes to use next winter, without loss of time." This is the advice given by C. A. Magrath, who was fuel controller during the war, and, as a member of the federal advisory fuel committee, had much to do with the arrangements looking to the protection of Canada's interests in the big United States hard coal strike of 1922.

"Seldom has the fuel outlook seemed so threatening as at the present time," says Mr. Magrath in a statement recently issued. He points out that coal miners are on strike in eastern and western Canada, that there is possibility of trouble in the British coal field, and that there is every possibility of a bitter fight in the Pennsylvania coal region at the end of next month.

Heavy Loss From Hail

Approximately 350,000 Acres Damaged In Saskatchewan

Regina.—Between 1,000 and 1,200 farmers will claim insurance aid as the result of the hail damage to crops in southern Saskatchewan by the cyclonic hailstorm last week, it was estimated by 'insurance companies' officials. The claims will range from 20 to 100 per cent.

From reports received from the districts visited by the hailstorm, approximately 358,000 acres were damaged, and the loss on this acreage will average 50 per cent. A large number of farms reported hail losses of 100 per cent., and very few were as low as 40 per cent.

Alaskan Village Hit By 'Flu Epidemic

Entire Indian Population Affected and Eight Have Died

Juneau, Alaska.—Eight natives are dead and the entire population affected by an influenza epidemic, which has swept an Indian fishing village on Bristol Bay, bureau of fisheries' representatives in the district reported. Conditions in the region have been improved, "but most of the Indians have been sick and unable to fish and will suffer during the coming winter, if not aided in some way," the report said.

Italy Has Right Idea

Rome.—There is always a good attendance at the sessions of the Roman senate, in marked contrast to the many empty seats at meetings of the Canadian senate. Italian senators are paid only for the sessions they attend.

Start New Air Mail

London.—Air mail service is now in operation between London, Denmark, Norway and Sweden.

Alberta Hail Loss

Over Seven Million Dollars Damage Is Reported Already

Edmonton.—More than seven million dollars damage by hail has been done to grain crops in Alberta this summer, according to information received by the provincial department of agriculture. The department has been investigating the situation and has been getting reports from all the hail insurance companies and the municipal hail insurance board, which go to show that about 3,000 claims for damage by hail have been received to date.

Hon. George Hoadley, minister of agriculture, points out that at a fair average of 100 acres per claim and on the basis of total loss, as usually figured by the insurance companies, with an estimated value of \$1.50 per bushel of wheat, there will be a loss of \$25 per acre, or \$7,500,000 as a total loss, to be deducted from the province's grain yield this year.

Anxious To Extend Knowledge Of Empire

Members of British House of Commons Coming to Canada

London.—A number of members of the British House of Commons will shortly proceed to Canada, thus adopting the advice recently given them as members of the United Kingdom branch of the Empire Parliamentary Association by Premier Baldwin to extend their knowledge of other parts of the world, when the House of Commons is not in session.

The large party, which includes the wives of several prominent members, will attend conferences of the Inter-parliamentary Union at Washington and Ottawa.

They will leave England September 19. Right Hon. Ramsay MacDonald, former premier, hopes to go to Canada this fall, if other arrangements will allow. According to his present intentions, he will leave on the Megantic, October 2.

Harvesters From Overseas

Reported That Over Two Thousand Workers Are Coming From Central Europe

Quebec.—Over 2,000 harvesters from European countries are expected to pass through Quebec on their way to the Canadian west from now until the fifteenth of August. The majority of them will be from Hungary, Czechoslovakia and Germany, and the remainder from other countries of central Europe.

In order to obviate the danger of these immigrants becoming public charges when the harvest is gathered, arrangements have been made with western farmers to keep them on throughout the winter at a salary of \$25 a month.

Killed By Own Invention

Redwood, Calif.—Gratien Moreau was killed by his invention to check holdup men. He had devised a method for concealing in the coat sleeve a gun which would be discharged automatically as a man put up his hands at the command of the robber.

TO FURTHER THE INTERESTS OF WESTERN CANADA

Edmonton.—The spirit of co-operation between the prairie provinces and the Pacific coast which has been developed in the conference of western mayors and other civic officials held here, is to be carried into a permanent organization as a result of a decision at the closing session. An executive committee of six members was named, composed of Mayor L. D. Taylor and ex-Mayor R. H. Gale, of Vancouver, for British Columbia; Mayor Hardie, Lethbridge, and Mayor Blatchford, Edmonton, for Alberta; and Mayor Howard McLaren, of Biggar, and Mayor J. R. Gregory, of North Battleford, for Saskatchewan. This committee will have power to add to its number, and it has been instructed to continue the work begun and to arrange for further conventions at future dates.

After a lengthy discussion, it was decided that the government be asked to abolish the permit system for the shipment of grain westward. An amendment sought to refer the question to the executive committee for action, but Mayor Taylor, Mayor Blatchford, and G. G. McGeer, K.C., urged strongly that the conference take action at once in urging that the system be abolished, and the shipper be given the same privilege of shipping to the west that he now possessed to ship to the east.

Want U.S. In World Court

Could Withdraw If Outlawry of War Not Upheld by Europe

Washington.—Certain advocates of the world court, who have been working quietly for months, have come forward with a compromise plan of United States entry, which they will push between now and the time the administration proposals are brought up in the senate in December. The compromise has been hooked up in its conditions, with President Coolidge's proposed conference on limitation of armament.

It provides for entry under the administration proposed, but with the understanding that the United States would withdraw from the court after a specified period if the nations of Europe do not join in a general convention for outlawry of war.

Will Hear Cases In West

New Commissioner of Reparations Leaving Ottawa About August 1

Ottawa.—The new reparations commissioner, James Friel, K.C., will leave for the west to hear cases about the first of next month.

Commissioner Friel will make his first stop at Winnipeg on or about August 3, where he will hold sittings for applicants who have not yet been heard.

His itinerary includes stops for hearings at Regina, about August 5; Saskatoon, August 7; Edmonton, August 10; Calgary, August 12; Kamloops, August 17; Vancouver, August 18; and Victoria, August 24.

The dates are necessarily subject to change, depending on how long the commissioner is required to stay in the different cities which he visits.

A Long Cruise

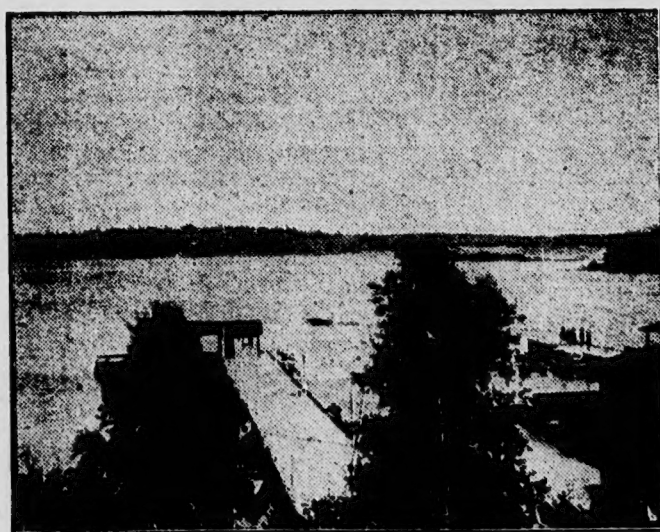

Canadian Government Vessel From Vancouver Reaches Atlantic Ports

St. John, N.B.—The Canadian Government Merchant Marine steamer Canadian Prospector, Captain Arthur Thomson, has arrived in port from Vancouver, via the Panama Canal, on the initial trip in the inter-coastal service. The ship brought a full general cargo of 5,000 tons, including about four million feet of hard pine, a large quantity of the latter being piled high on the deck. After discharging at this port, she will take the remainder to Quebec, Three Rivers and Montreal.

Liberal Regime In N.S. Ends

Halifax.—The 43-year-old regime of Liberal Government in Nova Scotia has ended, and for the first time in that period a Conservative administration, headed by Hon. E. N. Rhodes, has taken possession of the historic provincial building and occupied the administrative chambers.

THE WHARF AT MINAKI INN

The fire demon was unkind to the Canadian Weekly Newspaper Association delegates when he razed Minaki Inn, where the members of the party were to have spent Saturday and Sunday as guests of the Canadian National Railways. However, some of the members of the party were able to secure reservations at Minaki Lodge for a day or so on their return journey and this is a sample of the scenery which greeted them there.

SUMMER SCHOOL AT SYLVAN LAKE

All plans are complete for the Summer School at Sylvan Lake, to be held August 3rd to 13th, under the auspices of the Religious Education Council of Alberta.

Not only is there provided opportunity for study, but provision is made for hours of swimming, boating, volleyball, baseball, camp fires and other forms of camp recreation.

The study course will cover the work of Beginners and Primary Classes, Juniors, Canadian Standard Efficiency Training for the boys, Canadian Girls in Training, and Young People. In addition a special course "The Earliest Christian Literature," will be given by Rev. Dr. Jackson, of Albert College, Edmonton.

Others on the staff are: Mrs. J. H. Cannon, Calgary, Rev. E. R. McLean, General Secretary of the R.E.C. of B.C., Miss Mary Allison, National Girl's Work Secretary, Miss Katie McCrimmon, Provincial Girl's Work Secretary, Mr. C. E. Hendry, Provincial Boy's Work Secretary, and Rev. R. W. Hibbert, General Secretary of R.E.C. of Alberta. Mrs. Edith Brethour will again be the camp hostess.

Any information may be secured by writing to Rev. R. W. Hibbert, Room 302, I.O.O.F. Bldg., Calgary, and applications with registration fee should be sent to the same address.

M. EBERT HOWE
Registered Optometrist
Will be Away Until
July 31st.

Considerable interest has been aroused in London, England, over the arrival there of 8,000 peony blooms for exhibition in the Canadian Pacific pavilion at Wembley. The peonies were grown by W. Ormiston Roy of Montreal, and have been sent to England to dispel the belief that Canada's climate is excessively cold.

A delegation of prominent newspaper proprietors and journalists from Great Britain passed through Canada recently on their way to attend the Third Imperial Press Conference to be held at Melbourne, Australia, during September. Besides the delegates from the British Isles, representatives of Canada and the other Dominions have been invited and will attend the conference.

Two automobile accidents occurred in Montreal over the week-end at railway crossings, in both of which it was proven that the car struck the train. In the first accident the car ran into the first car behind the engine and in the second struck the side of the engine itself. Public attention has been directed to these accidents as illustrative of the results of negligent driving.

Early in July a party of one hundred French-Canadians associated with the University of Montreal departed from Windsor station on a three-weeks educational tour of the country under the auspices of the University. Mayor Duquette of Montreal, Monsignor A. V. J. Piette, rector of the University and Professor E. Montpetit one of his associates accompanied the party. They were seen off at the station by E. W. Beatty, K.C., chairman and president of the Canadian Pacific Railway and other officials.

A similar excursion to the above left Toronto, July 20th, for the benefit of English speaking school-teachers. This tour, also lasting three weeks and covering all principal points of the Dominion was conducted by Dean Sinclair Laird of MacDonald College under the auspices of the Teachers' Federation of Canada.

HORSES LOST—One team bay geldings, six years old, no brand, 3000 lbs.; team bay Clyde mares, 5 years, white faces and some white feet, no brand, wgt. 2000; 3 year old mare, white face, no brand; bay gelding 5 yrs., white face and some white feet, no brand; team Clyde mares 5 yrs., white faces and some white feet, wgt. 2300. \$5.00 per head will be paid for such information as will lead to the recovery of any of these horses.

NOTICE OF SALE.

NOTICE IS HEREBY GIVEN under Section 48 of The Domestic Animals Act (Municipalities) that one clyde mare, white face, hind legs white, branded J-4 left shoulder, and one brown pony star branded D right shoulder and C right thigh. Was impounded in the pound kept by Geo. Metz, located on the S.W. 1-4 Sec. 24, Twp. 31, Rge. 27, W. 4, on the 29th day of June, 1925, and that the said animal was sold on the 14th day of July, 1925, to Ed. Leisemer, of Didsbury, and that said animal may be redeemed by the owner or on his behalf within a period of thirty days from the publication of this notice in the Alberta Gazette, upon payment of all fees and costs due to the municipality and the purchaser of said animal.

For information apply to the undersigned.

A. BRUSSO,
Sec.-Treasurer.
Municipal District of Mountain View, No. 310
Didsbury, Alberta.

MUST HAVE SMALL TOWNS

Bankers Say They Are Necessary to Success of Farming

No country can really prosper unless its farmers are prosperous, said S. Levitan, in an address to the farmers of Dane county, and no farmers will be happy and successful unless the small villages and towns to which farmers' families have access are highly prosperous.

"Remember," said Mr. Levitan, "that you have an interest in building up your villages and towns. Stick to your home merchant. Patronize your village butcher. Get friendly with your town banker—he's always glad to help and advise. Buy your furniture, your groceries, your implements in your nearest town. Don't let your village barber starve. Every cent you spend remains in town. The value of your land, the ease with which you secure help, the happiness of your family, the likelihood of the boys staying on the farm, these all depend not on the farm so much as in the nearby village. By increasing the prosperity of the village, you make your farm more valuable and your life more pleasant.—Exchange.

ALBERTA FAIR DATES

The following is a list of the Fairs to be held in this district this year, with the name of the secretary of each:

Alix—Aug. 20, 21; W. L. Pettet.
Benalto—July 21-22; A. Norton.
Big Valley—July 28-29; Fred Biggs.
Bowden—Aug. 20; Mrs. W. A. Hills.
Didsbury—Aug. 4-5; A. A. Revell.
Hays (Lousana)—Aug. 19-20; J. Smith.
Innisfail—Aug. 18-19; Stewart Moore.
Lacombe—Aug. 4, 5, 6; J. McKenty.
Milnerton—Sept. 16; E. W. Meers.
Olds—July 28-29; R. B. Campbell.
Ponoka—Aug. 5-6; L. I. Stuart.
Red Deer—Aug. 13-14-15—Ralph Patterson.
Rimby—Aug. 14; L. S. Cutler.
Rocky Mountain House—Sept. 2-3; E. Beveridge.
Stettler—July 30-31, Aug 1; G. W. F. Day.
Three Hills—Aug. 13; C. P. McDonough.
Trochu—Aug. 6-7; C. J. Christie.
Wetaskiwin—Aug. 7-8; C. D. Smith.
Camrose—Aug. 10-12; D. M. Omond.
Edmonton—July 13-18; W. J. Stark.

Ben Dick, an old time resident, now in Edmonton, is visiting friends in the vicinity.

Reta Fleury, pupil of Mrs. S. J. Scott of Calgary, was very successful in passing her violin exam with honors. It may be stated that she only took thirteen lessons before trying her exam.

J. W. Phillipson has received the appointment of justice of the peace, and suggests that "if we can't be decent, to be as decent as we can." One can but hope that Jim's admonition will be regarded.

Temporary premises have been secured by A. A. Revell, secretary of the Agricultural Society in J. W. Phillipson's office, opposite the Pioneer, and he will be there from Monday next to impart information or give assistance in connection with the exhibition. Phone 130.

Jack Pearson who left a couple of weeks ago with his parents on a motor tour through B. C., returned Sunday morning, and reports a very enjoyable time. The scenic beauty of the route, he says, is worth the trip, and in Vancouver itself there is plenty to engage one's time and attention. From the excitement of shooting the chute at the park to interviewing the mermaids at the Bay, he enjoyed it all.

A car of twine and a car of binders is expected in shortly.—W. G. Leisemer.

A large number of the residents of Didsbury were at Sylvan Lake on Sunday, including Mr. and Mrs. Durrer, Mr. and Mrs. Geo. Smith, Mr. and Mrs. Huget, Mr. and Mrs. W. G. Leisemer, Mr. and Mrs. Brusso, Misses Alene and Dolores Schmelle.

A bunch of Herefords numbering about 91 head was purchased on Thursday of last week by Royds and Kirby of the City Meat Market, from Dick Brown, whose ranch lies about 70 miles southwest of Sundre on the Big Red, in what is said to be one of the most delightful spots in the district. Dick is in partnership with G. Larkin, son of the High Commissioner for Canada, and has at the ranch a herd of about 450 Herefords.

EVANGELICAL NOTES.

Mr. H. Carson Mateer, Toronto, general secretary of the Ontario Christian Endeavor Union, gave a very interesting and appealing address in the Evangelical Church on Young People's work, Tuesday evening last. About a hundred or more, mostly young people were present.

The Rev. B. R. Wiener, Field Secretary of the Missionary Society of the Evangelical denomination, Professor Thos. Finkbeiner, North Western College, Naperville, Ill., and L. H. Wagner, P. E., Supt. of the North West Missions will be visiting guests in this town over the week end. They will preach alternately on Sunday, July 26th, in the Evangelical church at 10.30 a.m., 3 p.m. and 7.30 p.m. Strangers as well as members and friends of the church are all most cordially invited to attend.

Everybody is glad to see Mr. E. N. Boettger out and around again after an illness of more than a months duration.

Misses Irene Prestein and Vera Rosenburger, Hespeler, Ontario, both schoolteachers in that town, were recent visitors here at Miss Anna Mueller's home.

Mr. and Mrs. Otto Klein and family spent last Sunday with relatives in Swallow.

Mrs. Alois Schmidt, who was recently visiting relatives and

friends in and around Didsbury, has returned to her home at Salmon Arm, B.C.

A number of little children, L. Gabel, H. Dippel, R. Brytman, M. Brytman and others were patients in the Didsbury General Hospital last Tuesday, submitting to an operation for tonsillitis and other children's ailments. The operations were all successful and the patients returned home the same day. Dr. Evans was in charge.

Watch this column next week.

ANNUAL CAMP CLOSED SUNDAY.

The camp meeting of the Mennonite Church closed in Didsbury last Sunday, upon which day the closing exercises took place of a series of daily meetings.

Throughout the week the interest of those connected with the church, together with the visitors, had been fully aroused by various speakers, included among whom were Rev. N. W. Rich, Rockyford, Col.; Mrs. M. A. Finlay, matron of Beulah Rescue Home, Edmonton; Mrs. W. Finlay, missionary on furlough from Africa; Miss L. Eby, Galahad, and Miss Wolfe, Olds, Alberta; the local speakers included Rev. C. T. Homuth, Rev. H. E. Roppel, A. Traub and others.

The attendance throughout the week at the various meetings had been very good, and the number in camp was an increase over last year.

Mountain View.

Jutland W.C.T.U. held a very successful annual garden party on July 15, at Mrs. C. R. Liesemer's lawn, surrounded by beautiful evergreen trees, and cheerfully lit up by gas lights.

Supper tables on the lawn were decorated with lovely flowers, there being about 200 people present.

A mixed program was enjoyed, opened by singing "O Canada." The admission and proceeds from ice cream netted us a nice sum which was greatly appreciated by the Union.

The program was concluded by the singing of "God Save the King."

The next meeting will be the annual meeting to be held at Mrs. McCalister's, July 29th. All members are requested to be present.

CARBON INSTALS 10,000 GAL. WATER CISTERN.

Another civic improvement, says a despatch from Carbon, has been made in the building of a water cistern for fire protection. This cistern has just been completed and is located in the open lot at the rear of the Wilkinson Hardware. It has a capacity of some 10,000 gallons, and will be equipped with a force pump and several hundred feet of hose. It is expected that this equipment will furnish good fire protection for all buildings within a radius of about 800 feet. The village council plan on installing other similar tanks in various parts of the village.

A New Cleaning Machine.

Farmers of the province will be able to obtain, this fall, at actual cost of manufacture and handling, the machine which has been perfected under the supervision of the provincial Department of Agriculture, known as the Stephen Grain Separator Cleaning Attachment, which cleans weed seeds from grain as the operation of separating is proceeding. This announcement is made by Hon. Geo. Hoadley, Minister of Agriculture.

Preparations are being made for the manufacture of a considerable number of these machines, and these will be made available before the coming threshing season at a price to cover actual cost of manufacture and handling. The machine has not previously been offered to the public. When the machine is placed on the market it will be properly labelled and advertised in order that the farmers may know that this is the machine fostered by the Department.

LOCAL MARKETS

NOTICE—This Local Market report is made up on Wednesday of each week of publication. The Didsbury Pioneer will not be held responsible for fluctuations in quotations but will endeavor to give them as correctly as possible each week.—THE EDITORS.

Ontario's Many Summer Resorts Afford Varied Pleasures

ON BEAUTIFUL GEORGIAN BAY

A QUARTET OF BIG BASS

Every summer tens of thousands of visitors seek rest and recreation, health and happiness in the fascinating hinterland of Ontario, where woods and waters abound on every hand, each with its especial charm.

A fascinating retreat for fishermen in this part of Ontario, is the French River district. Since the erection of a comfortable, commodious bungalow camp which opened in 1923, visitors have flocked there in numbers that have taxed its capacity. Fighting bass, grown strong in the swift waters of the river, and huge muskellunge are caught in large numbers. Other species are plentiful too.

Most of the Ontario places are easily reached from Toronto. The Muskoka and Kawartha chains of lakes are the annual haven of many visiting families who occupy cottages, camps and hotels of varying degrees of comfort and luxury. All enjoy the dry, pine-scented air that is a sure remedy for hay fever. Many vacationists are ardent fish-

men; others delight in sailing and paddling canoes. The summers are all too brief to satisfy these lovers of Ontario's out-of-doors.

Camps hidden miles deep, away from the railway lines, yield exceptionally good fishing and wholesome food. Such a one is Billy Burke's log camp on Trout Lake, reached by an 8-mile launch ride from Paget station. Ka-Wig-A-Mog Lodge, hidden away from civilization, is about 8 miles from Pakeness, and transportation is via the Key Valley Railway, owned by a Milwaukee lumber concern, which operates a railway bus, mounted on railway car trucks, and fitted with a Ford motor for power. At the sawmill town, this mode of locomotion is exchanged for a motor launch that carries guests to Ka-Wig-A-Mog Lodge, an attractive structure devoted to dining and social affairs. In addition to the Lodge, there are a number of cottages built about an eighth of a mile apart, on both sides of the long, narrow lake, thus insuring privacy. Mixed fishing is good here and in

nearby waters, while Trout Lake affords plenty of small-mouth bass. Bon Echo, an out-of-the-way resort, is reached from Kaledar, Ontario, by automobile which passes along hillside carpeted with blue flowers and seeming to emanate a blue haze. The Inn is located on a spit of land that separates the Mazinaw Lakes, two lovely sheets of water. They are of great depth and from them rises a sheer rock to over 200 feet, possessed of a three-fold echo. It bears on one face a bas-relief of Walt Whitman, to whom the rock is dedicated. Bass fishing is good. There are two fine beaches; one of deep water that delights divers, and the other has a vast, silver sandy floor with shallow water, and makes a safe, ideal beach for women and children.

Port au Baril on Georgian Bay, is unique in that its capacious rustic hotel is located on an island. Fishing, bathing and boating are its chief attractions. Georgian Bay with its thousands of islands and indented shore-line, is a paradise of beauty and sport, and is sought by many visitors from the States with summer homes on the islands. Those who prefer the mainland, will find a string of summer resorts dotting the shore-line for 100 miles.

Here and There

Conditions in the fruit areas of British Columbia are reported as satisfactory. Weather conditions have been good and the trees are healthy.

According to recent reports general conditions in the Maritime Provinces are normal. Potato seeding is about complete. Trees in the Annapolis fruit districts are in good shape and estimates point to a normal crop.

A consignment of lumber from South Westminster, B.C., arrived recently at Dorval, Quebec, on the Canadian Pacific lines, consisting of twenty-nine logs of Douglas Fir, some of which were so long that three flat-cars were required to carry them.

Field Marshal Earl Haig and Countess Haig travelled through western Canada to the Pacific coast over the Canadian Pacific Railway recently, after attending the conference of the British Empire Service League at Ottawa.

"Western Canada has never had better crop prospects than which exist now," stated Ernest G. Cook, of E. Cook, Ltd., Crop Insurance Co., of Moose Jaw, Sask., who recently spent two weeks at Banff, after touring the West and studying crop conditions.

According to "Agricultural and Industrial Progress in Canada" the Department of Trade and Commerce has issued the following comparative statement for 1924 and 1925 trade in the Dominion:

	1924	1925
Total	\$1,902,130,164	\$1,874,294,180
Imports	893,366,867	796,932,537
Exports	1,058,763,297	1,081,361,643
Fav. Bal.	165,396,430	284,429,106

According to the Dominion Bureau of Statistics the annual consumption of standing timber for use, amounts to about 2,600,000,000 cubic feet. The loss by fire, insects and fungi about doubles this depletion, and it is estimated that Canadian forests are depleted at the rate of upwards of five and a half billion cubic feet per annum.

For the first time in the history of Canada upwards of three thousand redskins from the four western provinces and Montana journeyed to McLeod, Alberta, early in July, and held an all-Indian celebration and formed a league of plains Indians. Five thousand white people attended the ceremony and watched the Indians stage their spectacular mounted war-dance.

That the Province of Quebec abounds in historic and romantic material for the construction of popular novels, is the judgment of two popular writers—James Oliver Curwood, author of scores of best sellers, and Edwin Balmer, well-known short story writer—who have recently toured the province and Western Canada in quest of "local color."

There has been an unusual distinction conferred upon Prof. Camille Couture, a Montreal musician, who, besides being a violinist is also a maker of violins. He has been honored with a medal and diploma from the British Empire Exhibition at Wembley for a magnificent violin of his make, which he exhibited there.

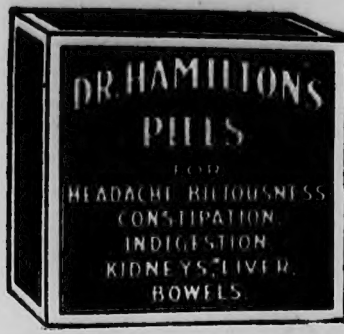

In order to dispel the existing impression in England regarding the coldness of the Canadian climate, five thousand peony blooms are being distributed at the Canadian Pacific Railway Pavilion at the British Empire Exhibition. These plants were produced by W. Ormiston Roy, of Montreal, who states that peonies are the best landscape flower and can be grown in all parts of Canada, irrespective of climatic conditions.

Hon. W. G. Nichol, Lieut.-Governor of British Columbia, and D. C. Coleman, Vice-President of the Canadian Pacific Railway, opened Crystal Gardens, the new and unique indoor salt-water swimming pool at Victoria, B.C., recently. This amusement centre, which has two dancing floors, a gymnasium, art gallery and tea-rooms, is regarded as the largest and finest of its kind on the continent.

Being exceeded only by Mexico and the United States, Canada now ranks third among the silver producing countries of the world. Records of Canadian production have been kept since 1858 and show a total recovery of 451,000,000 fine ounces to the end of 1923. In 1924 production was slightly in excess of 20,000,000 ounces. During 1858-1923 the value of production totalled \$290,705,532, while for last year it amounted to \$13,519,043.

The first lot of buffalo, numbering some 200, to be transferred from the Wainwright Park to the new Buffalo Park, north of Edmonton, left Wainwright, Alberta, recently. For some time past the herd at Wainwright had been growing too rapidly and the Federal authorities decided to ship a number to the Buffalo Park to determine whether or not they can acclimate themselves in the new district as they did in the southern area. Altogether two thousand buffalo, in lots of two hundred each, will be shipped to the Buffalo Park.

Send in your Entries for the Fair

Would Visit Canada
The Duchess of York has made known a wish which she has entertained for quite a long time. She would like to visit Canada, and she remarked to a Canadian official the other day, "I would like to arrange with my brother-in-law, the Prince of Wales, for a stay at his ranch in Canada." The Duchess has never visited the Dominion, and as the Duke has only "touched" it as a midshipman, the idea of a holiday on the "E.P." ranch appeals to both.—Glasgow Herald.

Settlers Build Their First Home

European settlers building their first home on the lands of the British Dominions Land Settlement Corporation, north of Vermillion, Alberta.

Copyrighted, 1922, by Rafael Sabatini
"CAPTAIN BLOOD," a Vitaphone picture with J. Warren Kerrigan in the title role, is an adaptation of this thrilling novel.

CHAPTER XXVIII.—Continued

"You are no longer that," she said, and strove to smile.

"Yet I owe no thanks to you that I am not," he answered. "I think there's no more to be said, unless it be to add the assurance that Lord Julian Wade has also nothing to apprehend from me. That, no doubt, will be the assurance that your peace of mind requires?"

"For your own sake—yes. But for your own sake only. I would not have you do anything mean or dishonouring."

"Thief and pirate though I be," she clenched her hand, and made a little gesture of despair and impatience.

"Will you never forgive me those words?"

"I'm finding it a trifle hard, I confess. But what does it matter, when all is said?"

Her clear hazel eyes considered him a moment wistfully. Then she put out her hand again.

"I am going, Captain Blood. Since you are so generous to my uncle, I shall be returning to Barbadoes with him. We are not likely to meet again—ever. Is it impossible that we should part friends? Once I wronged you, I know. And I have said that I am sorry. Won't you . . . won't you say 'good-bye'?"

He took the hand she proffered. Retaining it, he spoke, his eyes sombrely, wistfully considering her.

"You are returning to Barbadoes?" he said slowly. "Will Lord Julian be going with you?"

"Why do you ask me that?" she confronted him quite fearlessly.

"Sure, now, didn't he give you my message, or did he bungle it?"

"No. He didn't bungle it. He gave it me in your own words. It touched me very deeply. It made me see clearly my error and my injustice. I owe it to you that I should say this by way of amend. I judged too harshly where it was a presumption to judge at all."

He was still holding her hand. "And Lord Julian, then?" he asked, his eyes

watching her, bright as sapphires in the copper-coloured face.

"Lord Julian will no doubt be going home to England. There is nothing more for him to do out here."

"But didn't he ask you to go with him?"

"He did. I forgive you the impertinence."

A wild hope leapt to life within him.

"And you? Glory be, ye'll not be telling me ye refused to become my lady, when . . ."

"Oh! You are insufferable!" She tore her hand free and backed away from him. "I should not have come . . . Good-bye!" She was speeding to the door.

"And you? Glory be, ye'll not be telling me ye refused to become 'My Lady.'"

He sprang after her, and caught her. Her face flamed, and her eyes stabbed him like daggers. "These are pirate's ways, I think! Release me!"

"Arabella!" he cried on a note of pleading. "Are ye meaning it? Must I release ye? Must I let ye go and never set eyes on ye again? Or will ye stay and make this exile endurable until we can go home together? Ooh, ye're crying now! What have I said to make ye cry, my dear?"

"I . . . I thought you'd never say it," she mocked him through her tears. "There was never, never anybody but you, Peter."

Governor Blood forgot the duties of his office. He had reached home at last. His odyssey was ended.

They had, of course, a deal to say thereafter, so much, indeed, that they sat down to say it, whilst time sped on, and Governor Blood forgot the duties of his office. He had reached home at last. His odyssey was ended.

And meanwhile Colonel Bishop's fleet had come to anchor, and the Colonel had landed on the mole, a disgruntled man to be disgruntled further yet. He was accompanied ashore by Lord Julian Wade.

A corporal's guard was drawn up to receive him, and in advance of this stood Major Mallard and two others who were unknown to the Deputy-Governor; one slight and elegant, the other big and brawny.

Major Mallard advanced. "Colonel Bishop, I have orders to arrest you. Your sword, sir!"

Bishop stared, empuirpling. "What the devil? Arrest me, d'ye say? Arrest me?"

"By order of the Governor of Jamaica," said the elegant little man behind Major Mallard. Bishop swung to him.

"The Governor? You're mad!" He looked from one to the other. "I am the Governor."

"You were," said the little man dryly. "But we've changed that in your absence. You're broke for abandoning your post without due cause and therefore imperilling the settlement over which you had charge. It's a serious matter, Colonel Bishop, as you may find. Considering that you held your office from the Government of King James, it is even possible that a charge of treason may lie against you. It rests with your successor entirely whether ye're hanged or not."

Bishop rapped out an oath, and then, shaken by a sudden fear: "Who the devil may you be?" he asked.

"I am Lord Willoughby, Governor-General of His Majesty's Colonies in the West Indies. You were informed, I think, of my coming."

The remains of Bishop's anger fell from him like a cloak. He broke into a sweat of fear. Behind him Lord Julian looked on, his handsome face suddenly white and drawn.

"But, my Lord—" began the Colonel.

"Sir, I am not concerned to hear your reasons," his Lordship interrupted harshly. "I am on the point of sailing and I have not the time. The Governor will hear you and no doubt deal justly by you." He waved to Major Mallard, and Bishop, a crumpled, broken man, allowed himself to be led away.

To Lord Julian, who went with him, since none deterred him, Bishop expressed himself when presently he had sufficiently recovered.

"This is one more item to the account of that scoundrel Blood," he said through his teeth. "My God, what a reckoning there will be when we meet!"

Major Mallard turned away his face that he might conceal his smile, and without further words led him a prisoner to the Governor's house that so long had been Colonel Bishop's own residence. He was left to wait under guard in the hall, whilst Major Mallard went ahead to announce him.

Miss Bishop was still with Peter Blood when Major Mallard entered. His announcement startled them back to realities.

"You will be merciful with him. You will spare him all you can for my sake, Peter," she pleaded.

"To be sure I will," said Blood, "but I'm afraid the circumstances won't."

She effaced herself, escaping into the garden and Major Mallard fetched the Colonel.

"His Excellency, the Governor, will see you now," said he, and threw wide the door.

Colonel Bishop staggered in and stood waiting.

At the table sat a man of whom nothing was visible but the top of a carefully curled, black head. Then this head was raised, and a pair of blue eyes solemnly regarded the prisoner. Colonel Bishop made a noise in his throat, and stared into the face of His Excellency, the Deputy-Governor of Jamaica, which was the face of the man he had been hunting in Tortuga to his present undoing.

The situation was best expressed to Lord Willoughby by Van der Kuylen as the pair stepped aboard the Admiral's flagship.

"Id is fery boedigal!" he said, his blue eyes twinkling. "Cabbain Blood is fond of boedry—you remember de abble blossoms. So? Ha, ha!"

The End.

The golden rule should work both ways, but most men who are willing to do as they would be done by want to be done by first.

After Shaving

Mix Minard's with sweet oil and apply to the face. Wonderfully soothing.

Remarkable Land Settlement Plan Influential British Company to Assist Settlers and Promote Colonization

The Vermillion district in central Alberta is this summer the scene of a remarkable and most promising development in land settlement. The undertaking referred to is that of the British Dominions Land Settlement Corporation Limited, a powerful financial organization formed in London, England, for the express purpose, as its name implies, of promoting land colonization in the Overseas British Dominions and particularly in this Dominion of Canada. This company represents a new departure in the way of assisting agricultural families of small means who desire to establish themselves on the soil. Backed by millions of Old Country money, it provides the right kind of farmers with land on easy terms and aids them in equipping these farms and getting thoroughly established thereon.

The high character of the company is indicated by the personnel of its British directorate, which includes: The Duke of Sutherland, chairman; the Right Hon. Sir Newton Moore, K.C.M.G., formerly prime minister of western Australia; the Right Hon. Sir Arthur Griffith Boscawen, formerly minister of agriculture in the British cabinet; Sir Edward Manville, chairman of the great Daimler Motor Car organization; Sir Robert Lynn, M.P.; Col. A. G. Cousins, O.B.E.; and Mr. Mervyn Brown. These names in themselves, furnish a guarantee of the standing of an organization which has for its object the use of British capital in assisting to develop and people the vacant spaces of the empire—an ideal which has seized the mind of the British people especially during the years which have succeeded the war. In the United Kingdom it is more than ever recognized that the future of the Mother Country lies in the growth of the outlying parts of the empire. The Canadian board of the corporation is constituted as follows: Mr. Mervyn Brown, chairman; Mr. Robert McKay, of Allan, Killam & McKay, Winnipeg; Mr. W. H. Carter, of Carter, Hall & Aldinger, Winnipeg; Mr. W. P. Dutton, Winnipeg; and Mr. Isaac Pittblado, K.C., as special counsel. Mr. W. T. Badger is general manager.

To be specific, the British Dominions Corporation sells its land at fair prices and on fifteen-year terms, with no cash for three years except interest and taxes, the principal to be discharged during the remaining twelve years of the period. Besides giving land on such reasonable conditions, the corporation advances to settlers, having no livestock and equipment, two dollars for every one dollar put up by the settler for these necessities. For the money thus advanced the corporation takes back a five-year chattel mortgage on which only interest is payable for two years, thus leaving the principal to be discharged in the third, fourth and fifth years of the loan. To be acceptable to the corporation, the farmer must have a family or at least be a married man. The corporation is cutting and stacking logs for sale to settlers on five years' credit, thus making it easy for the newcomer to erect a shelter for his family without delay. Where it appears necessary, the corporation advances even food for the family and feed for the animals during the first months of occupation. Supervisors in the employment of the company constantly circulate amongst the settlers, keeping in touch with their needs and offering advice and assistance wherever such is called for.

It will thus be seen that the company offers an exceptional opportunity to (1) the married renter who possesses livestock and equipment and wishes to have a farm of his own; (2)

to the married farm laborer who wishes to become a land owner; and (3) to the married farmer who, owing to his present unfortunate location, has suffered from drought, floods or frost. While the British Dominions Corporation intends later on to extend its operations to other parts of western Canada, it has chosen the fertile section of central Alberta as the scene of its first undertaking. In this area it has become the outright owner of 262,000 acres of land. Of this land about 150,000 acres consist of scattered sections, half-sections and quarter-sections lying between the Vermillion and Saskatchewan Rivers with the town of Vermillion as the chief distributing point. The rest of the company's holdings lie west and north of Edmonton. Driving north from Vermillion through the main east block, one encounters a series of rolling hills and valleys, the hills green with verdure and dotted with darker green clumps of trees and brushwood. The landscape is interspersed with small lakes and is thus an exceptionally attractive one. The prevailing soil is a black loam with a clay sub-soil.

BAREE SON OF KAZAN BY JAMES OLIVER CURWOOD

COMMENCING in our next issue this thrilling story of the wide open spaces. You will be gripped by the story of Baree, the wolf dog, Pierrot, the half-breed trapper, and his daughter, Nepeese, the Willow. You will also be interested in Bush McTaggart, the unscrupulous factor of Post MacBain, who was determined to marry Nepeese.

A LOVE EPIC OF THE FAR NORTH

Pity Starving Europe

A dispatch from Belgrade says that the hors d'oeuvre at the leading hotel consists of four pieces of tongue, a slice of ham, three slices of sausage, one sardine, one slice of cold veal, two slices of salami, half an egg with mayonnaise, a slice of veal loaf, potato and meat salad, radishes, pickles and butter. After that, one begins on the meal.—Detroit Free Press.

The fellow with cold feet usually claims it is a cool head.

WORKING GIRL'S EXPERIENCE

Read How She Found Help in Lydia E. Pinkham's Vegetable Compound

Arnprior, Ontario.—"I must write and tell you my experience with your medicine. I was working at the factory for three years and became so run-down that I used to take weak spells and would be at home at least one day each week. I was treated by the doctors for anemia, but it didn't seem to do me any good. I was told to take a rest, but was unable to, and kept on getting worse. I was troubled mostly with my periods, I would sometimes pass three months, and when it came it would last around two weeks, and I would have such pains at times in my right side that I could hardly walk. I am only 19 years of age and weigh 118 pounds now, and before taking the Vegetable Compound I was only 108 pounds. I was sickly for two years and some of my friends told me about Lydia E. Pinkham's Vegetable Compound, and when I had taken a bottle of it I felt a change. My mother has been taking it for a different ailment and has found it very satisfactory. I am willing to tell friends about the medicine and to answer letters asking about it."—Miss HAZEL BERNDT, Box 700, Arnprior, Ontario.

A day out each week shows in the pay envelope. If you are troubled with some weakness, indicated by a run-down condition, tired feelings, pains and irregularity, let Lydia E. Pinkham's Vegetable Compound help you.

WORLD HAPPENINGS BRIEFLY TOLD

It is rumored that the Ontario Government is considering an increase in dues on timber cut in crown lands.

The national research council at Ottawa announce that A. B. McEay, of the University of Toronto, has been awarded one of three fellowships having a value of \$1,200.

Col. J. Obed Smith, former Canadian superintendent of emigration in London, has sailed for Canada. Col. Smith intends spending several months in the Dominion.

Right Hon. Austen Chamberlain, the foreign secretary, announced in the House of Commons that the British Government does not propose to send troops to Tangier, Morocco.

For the first time in eleven years, Toronto, Ont., during the month of June was free from motor fatalities. Since 1914, 42 persons were killed by automobiles during the month of June, seven in 1922 and seven in 1924.

According to immigration officials at Niagara Falls, Ont., 91 Canadians returned from the United States during June. In addition, there were 71 other nationalities came through to Canada. There were 196 rejections.

Cold on the Chest Best Treated This Way

When the throat is sore, and the chest is tight and full of congestion, something strong enough to penetrate through the tissues must be applied quickly. To get the quickest results, apply good old *Nerviline*. Rub it in deeply; it won't burn or blister, but it will bring the blood to the surface, will draw out the inflammation and subdue your cold and make you well in a short time. No other liniment so potent, so strong, so quick to bring soothing and relief as reliable old *Nerviline*. Nearly fifty years in use, and sold in most countries throughout the world in large 35c bottles.

B.C. Mining

Mining circles in the Slokan district in British Columbia are elated over the fact that one has been struck at the White Water mine, at a depth of 1,600 feet, as this proves that certain ore bodies in that region go down deeper than hitherto proved.

Urge Marines To Revolt

Red Propaganda Directed At British Fleet Visiting Norway

The arrival of a British fleet for a visit to Oslo was marked by intensive demonstration by Norwegian communists. Secret appeals were made to the bluejackets and the marines.

"Rise in revolt rather than obey your government if you are ordered to make war on Russia," was one message floated in the face of the British tars by local communists.

The appearance of the inflammatory propaganda directed at the British fleet visiting Norway was resented deeply by the Norse Government as well as the British officers of the fleet. Russia has objected to the presence of a British fleet in northern waters and this propaganda is taken to have been inspired by Moscow.

Victim Of X-ray Research

English Doctor Forced to Give Up Practice Is Dangerously Ill

Dr. T. H. Sanderson Wells, of Weymouth, an X-ray martyr, has had to give up practice and go into a London nursing home for an operation in which his life is at stake.

Throughout nearly the whole of his professional life, Dr. Wells has been handicapped by injuries he received in the early days of his career in experimental X-ray research, by which he was badly burned in the leg.

Dr. Wells is one of the best-known surgeons in this part of the country, but few have known of the intense pain and crippling disability which he suffered in recent years.

Constantinople Hears U.S. Signals

Clear transmission of signals to Constantinople, a distance of more than 5,300 miles, is the latest accomplishment of a short wave radio set, with which the navy department is experimenting at Lakehurst, N.J. The set previously had been heard at Honolulu about 5,000 miles distant.

SAVE THE CHILDREN

Mothers who keep a box of Baby's Own Tablets in the house may feel that the lives of their little ones are reasonably safe during the hot weather. Stomach troubles, cholera infantum and diarrhoea carry off thousands of little ones every summer, in most cases because the mother does not have a safe medicine at hand to give promptly. Baby's Own Tablets relieve these troubles, or if given occasionally to the well child they will prevent their coming on. The Tablets are guaranteed by a government analyst to be absolutely harmless even to the newborn babe. They are especially good in summer because they regulate the bowels and keep the stomach sweet and pure. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Thirty employees are constantly engaged in dusting the 3,000,000 books contained in the British Museum Library.

Nothing as Good for Asthma. Asthma remedies come and go but every year the sales of the original Dr. J. D. Kellogg's Asthma Remedy grow greater and greater. No further evidence could be asked of its remarkable merit. It relieves. It is always of the same unvarying quality which the sufferer from asthma learns to know. Do not suffer another attack, but get this splendid remedy to-day.

South Africa has recently provided special air-mail postage stamps for use in the new Capetown to Durban services.

Corns cannot exist when Holloway's Corn Remover is applied to them, because it goes to the root and kills the growth.

Whale steaks, seaweed jelly and sharks' fins were among the delicacies served at a recent luncheon of the Paris Zoological Society.

PIMPLES ITCHED ALL THE TIME

Face and Arms Covered.
Could Not Sleep at Night.
Cuticura Heals.

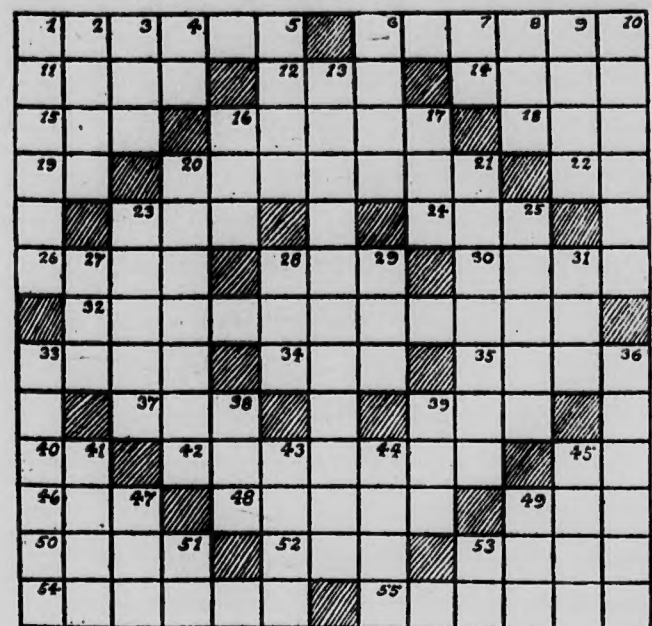

"My face and arms were covered with pimples and blackheads. The pimples were hard and red and scaled over. They itched and burned all the time, and I could not sleep at night. My face looked so badly that people talked about it."

"I read an advertisement for Cuticura Soap and Ointment and sent for a free sample. After using it I got relief so purchased more and in two weeks I was completely healed." (Signed) Miss Muriel Jollymore, Lower Wentworth, Nova Scotia.

Clear the pores of impurities by daily use of Cuticura Soap with touches of Cuticura Ointment as needed to soothe and heal. Cuticura Talcum is fragrant and refreshing.

- 51—Parent.
- 53—Exist.

SUNDAY SCHOOL LESSON

JULY 26

THE COUNCIL AT JERUSALEM

Golden Text: We believe that we shall be saved through the grace of the Lord Jesus. Acts 15:11.

Lesson: Acts 15:1-35.

Devotional Reading: Romans 5:1-9.

The Text Explained and Illumined

Trouble at Antioch of Syria, verse 1.—As our last lesson stated, Paul reported to the church at Antioch in Syria "all things that God had done with them," and gave as the great result of their work the fact that "God had opened a door of faith unto the Gentiles." When the news reached the church at Jerusalem, they found the door unto the Gentiles too wide ajar to suit them.

Until Paul took up the work, the Christian churches, like the Jewish synagogues, had been composed of Jews and proselytes, the proselytes being Gentiles who had received the Jewish rite of circumcision. In attendance at the services there were also the "God-fearing" or "devout" Gentiles, who, not having been circumcised, were not in "full fellowship" with the rest. That God was no respecter of persons Peter had learned at Joppa, and the Jerusalem Church, after hearing all the circumstances in regard to the baptism of the Gentile Cornelius and his household, had glorified God, saying, Then to the Gentiles also hath God granted repentance unto life.

The truth, however, had been applied in only a few special cases, and the far-reaching consequences to the Church had not been foreseen. Now a crisis was reached. Certain members of the Jerusalem Church came to Antioch and declared that unless all were circumcised according to the custom of Moses, they could not be saved, thus insisting that Gentiles must first become proselytes before they could become Christians.

Minard's Liniment for Neuralgia

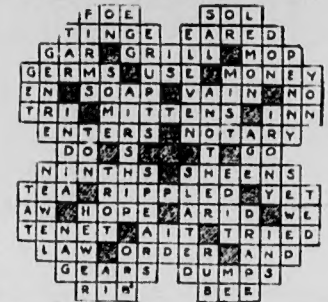

Shorthand is one of the arts that have never been lost. A system was practiced in Phoenicia before the Greeks existed as a people, and possibly also in Babylon.

Miller's Worm Powders are sweet and palatable to children, who show no hesitancy in taking them. They will certainly bring worm troubles to an end. They are a strengthening and stimulating medicine, correcting the disorders of digestion that the worms cause and imparting a healthy tone to the system most beneficial to development.

Among the exhibits in the chemical section of the Wembley exhibition is a small tube of insulin, to obtain which 1,000 oxen had to be slaughtered.

Minard's Liniment for Rheumatism

Answer To Last Week's Puzzle

Regina Civic Improvements

The city of Regina will spend \$420,000 during the year on additions and extensions to public works, including the installation of another electric light and power unit, comprising a complete new turbine generator to cost \$130,000.

Save Your Child's Tonsils

The Creator put them there for a purpose—and they should not be removed.

If they are inflamed, red, swollen or diseased, just treat them INTELLIGENTLY as you would treat any other ailment. Operations are expensive, sometimes dangerous and quite unnecessary. Give your child a treatment of

Dr. Thuna's Tonsil and Adenoid Tablets

and note how quickly the trouble will disappear. Put up in 2 sizes, at \$1.00 and \$2.00 per bottle.

FOR ALL

Early in the history of the Bank of Montreal its officers realized that to attain its highest usefulness, a bank should serve with equal readiness and ability all classes of customers in every department of banking.

At each office of the Bank small accounts are welcome; and the same painstaking attention is given to every customer.

Didsbury Branch :
J. CLARKE, manager

BANK OF MONTREAL
Established 1817

AROUND THE TOWN

Miss Emily Moyle is spending her vacation at Banff.

Mr. and Mrs. Miller motored to Sylvan Lake on Sunday.

Miss Marie Mueller is visiting her mother from Los Angeles.

A. C. Fisher is gazetted a Justice of the Peace for Didsbury.

Richard Miller has been spending a couple of weeks at Sylvan Lake.

Mrs. (Dr.) W. G. Evans returned from the east Monday morning.

Mrs. M. W. Low and Miss Evelyn McGhee are visiting in Calgary this week.

Mrs. J. R. Cunningham and children left Monday on a visit to friends in Ontario.

Mr. and Mrs. Roger Barrett and family returned home on Tuesday from their vacation.

Mr. and Mrs. C. Mortimer have gone to Sylvan lake for two or three weeks.

Birth—On Saturday, July 18th, to Mr. and Mrs. B. W. Johnson, a son, Clarence William.

D. Campbell of the editorial staff of the Calgary Herald spent Sunday with A. G. Stude.

Mr. and Mrs. J. M. Reed and family left on Tuesday by car to visit friends at Ranfurly.

Mr. and Mrs. A. Guy and son Roy are spending a couple of weeks visiting friends at Alaska and other points.

Mrs. Leadbetter returned home on Thursday last, accompanied by her son's and little daughter, Miss Sanders.

A number of our residents spent a very enjoyable time at the Big Red on Sunday looking for dinosaurs.

Godfrey Carlson has bought a new Chev. from Adshedd's garage, another Chevrolet has been purchased by N. Cole.

H. Rennie left Tuesday to pay a visit to friends at Claresholm and afterwards intends visiting various places in B. C.

The golf grounds are now in good shape and are being occupied morning and night by quite a number of the members.

Her many friends will be glad to hear that Mrs. J. V. Berscht, who recently sustained an injury to her ankle, is now progressing very satisfactorily.

Messrs. Leadbetter and McKenna with their families motored to Bowden on Sunday, where they were detained all night by the condition of the road.

A party went out to Bergen on Tuesday and fished the Little Red. Some of them are quite emphatic in their statement that the fishing was good. On the other hand, others are strangely silent.

A wedding was solemnized at the Presbyterian manse on Saturday, July 18th, when Agathe Sawatzke of Sunnyslope, was united in marriage to Peter Francis Toews of Swallow, by the Rev. W. J. McNutt, in the presence of a number of friends.

Services in connection with the Presbyterian Church will be held at Westcott 11 a.m., Community Hall 3 p.m., on Sunday, August 2nd, at Didsbury the usual hour, 7.30 p.m.

Piano tuning.—Don't hope for the best. Get it. Mr. Gavin Spence is here with W. H. Norton. Leave orders at this office.
